2023 PIPELINE EXCAVATOR QUICK REFERENCE GUIDE - WYOMING

EXCAVATOR RESPONSIBILITIES:

- Call Before You Dig - **It's the Law!**
- Wait the required time for the markings!
(state specific time – check your local One Call Law)
- Tolerance Zones – May vary by state and/or company!
- Respect the marks!
- Dig with care!

RISK CONSIDERATIONS

- Type/volume/pressure/location/geography of product
- Environmental factors – wind, fog, temperature, humidity
- Sight, sound, smell – indicators vary depending on product
- Black, dark brown or clear liquids/dirt blowing into air/
peculiar odors/dead insects around gas line/dead
vegetation
- Rainbow sheen on the water/mud or water bubbling up/
frozen area on ground/frozen area around gas meter
- Other utility emergencies

PIPELINE MARKERS

The U.S. Department of Transportation (DOT) requires the use of signs to indicate the location of underground pipelines. Markers like these are located on road, railroad, and navigable waterway crossings. Markers are also posted along the pipeline right-of-way. Markers may not be located directly over the pipeline it marks.

The markers display:

- The product transported
- The name of the pipeline operator
- The operator's emergency number

EXCAVATION BEST PRACTICES JOB SITE CHECKLIST

- White Lining (Pre-marking)
